AUGUST 5, 2020, 6:30 PM

Pledge of Allegiance.

Lamers Bus Lines discussed briefly. We have not received their Contract as yet. They will be attending our August 11th meeting. Stiebe feels we could offer them \$500.00 per month if they request it. DeLine, Bollech and Soli feel it is best to wait for the Contract.

School Opening was discussed. As of opening day on September 1st, school will be on line only. DeLine is concerned (as early childhood teacher) about the young children learning and also worried about their falling behind. Older children do well on-line. We will reassess at our November 10th Board meeting. Johnson again informed us that 71.4% of parents did not want their children in school. Also, legally we have to provide lunch for the students. Baraga Senior Center will be providing five frozen meals per week. There will be a designated time for pickup by the families. Virtual learning will be face to face and the students will be actively engaged. At this time Johnson does not know what is required to open. DeLine offered to assist Johnson any way she could. Presently we have one . Kindergartner, 3 in First Grade, 2 in Third Grade, 0 in Fourth Grade, 3 in Fifth Grade and 1 in Sixth Grade for a total of 10.

Metal Detector on school grounds driving a red pickup truck. They are making divots in the lawn and wish they would fill in the divots.
